AI LEARNING TOOL FOR PRIMARY STUDENTS

Understand AI

Students understand the different forms of AI and how we can ethically use it as a tool for learning.

Explore with AI

Students use AI tools to find information, and assess the accuracy of AI responses.

Create with AI

Students use AI to create, focusing on effectively utilizing tools to generate and refine creative products.

Feedback from AI

Students learn to interpret and evaluate AI feedback to enhance and refine their work.

Creativity with AI

Students use AI to enhance creativity, blending AI ideas with their own innovations.

Organize with AI

Students explore how AI can assist in organizing and managing tasks and information.

Communication Skills

Understand the impact of media representations and modes of presentation.

Research Skills

Ask or design relevant questions of interest that can be researched.

Self-Management Skills

Use technology effectively and productively.

Thinking Skills

Recognize unstated assumptions and biases.

Thinking Skills

Apply existing knowledge to design new products, processes & media.

Self-Management Skills

Use technology effectively and productively.

Ethical Considerations

Discuss the importance of using AI responsibly and the potential impact on privacy.

Ethical Considerations

Focus on how to phrase questions clearly and evaluate AI responses for accuracy and relevance.

Ethical Considerations

Discuss the originality and ownership of AI-generated content, emphasizing the value of human creativity.

Ethical Considerations

Discuss the limitations and bias of AI feedback and the importance of human judgment in interpreting AI suggestions.

Ethical Considerations

Reflect on how AI influences creativity and discuss the balance between AI-generated ideas and original human prompt or input.

Ethical Considerations

Discuss the importance of privacy and data security when using digital tools to manage personal information.

MAGICSCHOOL AI TOOLS
